

ALIGN Ethiopia Consult (**ALIGN**) is a business, investment and trade consulting firm helping local and foreign investors and establishments build and expand their business in Ethiopia. In ALIGN, we mean putting things right, giving workable solutions and, hence, helping find the right way!

OUR SERVICES

1 

INVESTMENT FEASIBILITY ASSESSMENT

We research and evaluate the wider economic, social, and financial values of investments and assess their viability within existing and perceived policy, regulatory and market changes.

2 

ENVIRONMENTAL AND SOCIAL IMPACT ASSESSMENT

As independent environmental and social impact assessor, we identify environmental and social impacts of investment projects, analyze the magnitude of the impacts, and recommend mechanisms to mitigate the adverse impacts or enhance benefits.

3 

SURVEYS

ALIGN conducts quick surveys that help our clients cope with the competition, make informed investment and other strategic decisions, and keep themselves abreast of the changes in the business environment.

4 

INSTITUTIONAL ANALYSIS

Our institutional analysis aims at identifying and analyzing organizational bottlenecks in achieving goals and objectives or assessing the internal situation in terms of what it takes our clients to further grow and excel.

5 

GOODS AND SERVICES SOURCING

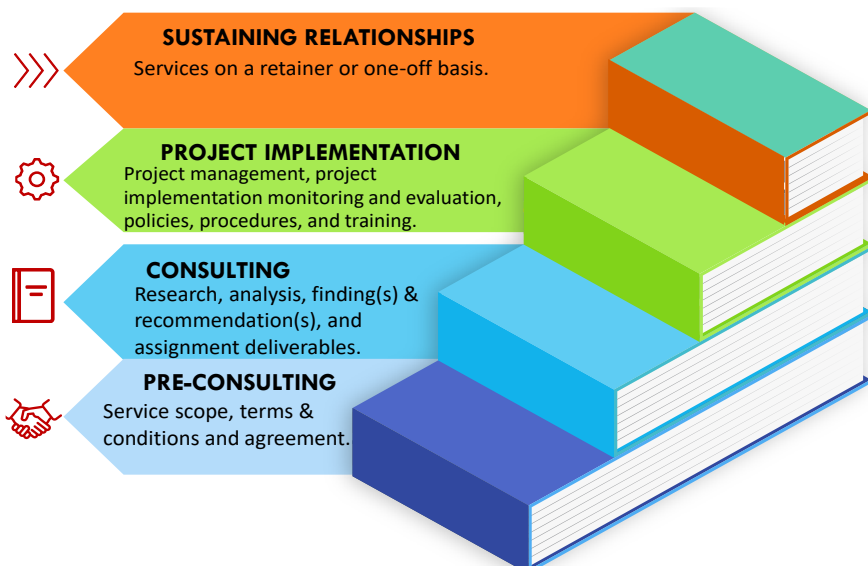

In sourcing, we match businesses looking to export to Ethiopia or seeking to import from Ethiopia with counterparties in Ethiopia.

6 

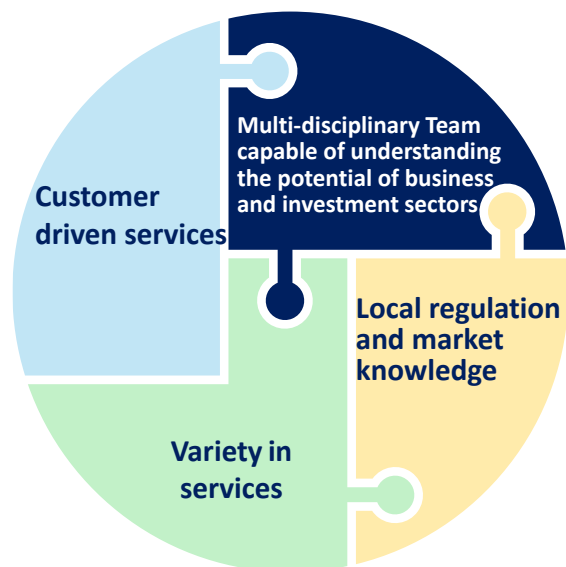

TRADE, INVESTMENT, AND FINANCIAL ADVISORY SERVICES

ALIGN offers transaction advisory service when clients seek the best course of action to safeguard transactions underlying their trade, investment, and financial undertakings.
